## MY FILLOSOPHY.

By "Cousin Walt" (Not Uncle Walt), with all apologies.

At events, when days are still, I often climb the long and steep hill to offer comfort and to cheer the patients there. O, friends, it is an awful thing to crumple up with broken string; to have some "crazy" bust your gall, or tap your "crazy" really worse than lying waiting for the nurse, and so when Typhoid grabs old Bill I try to cheer him over the hill.

The hours drag, as on their backs the patients lie and count the cracks that fill the ceiling and the wall, and all the doctors and the nurses are as kind as can be—kinder far than lots of us would be as such—but that's not HOME—the lack the "touch." And so I say at events, when they have stitched old Bill's side, I climb the hill and take Bill's "touch" and let him know I'm in the night. There's nothing that will help him win like "Mindy" word—a cheerful grin.

So if you know some "bloke" out there, go take him out of a cheer, and when he's well and on the track you'll know you helped to bring him back. For when you saw an inch of smile, you'll reap happiness by the mile, and every day you help to rise will help you climb to paradise.

W. E. McDOUGALD.

## MANDAMUS CASE IS CONTINUED TILL APRIL

Mrs. Lucy See, of Savannah, through her attorney, Hon. Hartbridge Smith, of Effingham county, was heard before Judge Hardeman here Monday afternoon in mandamus proceedings brought against the First District School to procure the reinstatement of her two sons, Donald and Clifford See, as students. Because of a difference between the school authorities and Mrs. See as to the facts upon which the boys were expelled from school, it was found necessary to submit the case to a jury, which will come at a regular term of superior court.

The boys were expelled because of an excessive number of demerits, one having been given 112 during his attendance upon the school and the other 79. The limit fixed by the rules of the school is 20 demerits.

## CHARGES GERMAN BREAKING TREATIES

GIVES REASONS FOR REFUSING TO EXTEND AGREEMENTS WITH KAISER

Washington, March 25.—Germany's "clear violations" of the treaties of 1793 and 1821 and her "disregard of the canons of international courtesy" were assigned by United States as reasons for refusal to reaffirm or extend these agreements.

The note of the refusal to Germany, transmitted through Dr. Paul Ritter, the Swiss minister, was made public today by the state department and discloses that this government is seriously considering whether Germany's conduct has not in effect abrogated these treaties.

The note says: "In view of the clear violations by the German authorities of the plain terms of the treaties in question, solemnly concluded on the mutual understanding that the obligations there under would be faithfully kept; in view further of the disregard of the canons of international courtesy and the comity of nations in the treatment of innocent American citizens in Germany the United States government cannot perceive any advantage which would flow from further engagements, even though they were merely declaratory of international law, entered into with the imperial German government in regard to the meaning of any of the articles of these treaties, or as supplementary to them. In these circumstances, therefore, the United States declines to enter into the special protocol proposed by the imperial government."

"This government is seriously considering," continues the note, "whether or not the treaty of 1828 and the revised articles of the treaties of 1793 and 1799 have not been, in effect, abrogated by the German government's flagrant violations of their provisions, for it would be manifestly unjust and inequitable to require our party to an agreement to observe its stipulations and to permit the other party to disregard them. It would appear that the mutuality of the undertaking has been destroyed by the conduct of the German authorities."

The following mentioned property will be sold to the highest bidder for cash or payable notes on the first Tuesday in April, before the court house door, at 12 o'clock:

The entire property of the Chandler County Milling Co., including building, belting and the flour mill. Total original cost about \$2,000. Above property will not be included. If lot is desired, communicate with J. T. Trappnell, Metter, Ga. Prospective buyers may inspect property at any time by calling on Dr. W. D. Kennedy, or Geo. L. Williams, Metter, Ga.

Reason for selling, we failed to get any one to operate the mill satisfactorily and there is no wheat growing in this section.

## METHODIST REVIVAL GAINING ATTENTION

(Continued from page 1.)

Sunday night the evangelist preached on "Christian service," and his remarks undoubtedly jarred into activity some of the complacent church members. "Many of you," he said, "are downright lazy; you are laying down on the Lord. Ten years ago most of you lived in the country and drove a mule, but now that you have moved to town and bought a Ford or an automobile, you have forgotten to serve God." In conclusion he exhorted his listeners to get busy and do something for the Lord. Monday night Mr. Moore continued his Sunday night discourse by giving five methods of Christian service.

Mr. O. W. Stapleton, the singer and choir leader of the party, has made a most favorable impression on the community. Although at the present writing the choir is not as large as it undoubtedly will be before the end of the week, yet

CHAS. D. KIDDER, Pianist

those who are already in it, are fast learning the new songs, and it is the universal verdict that some of the prettiest songs ever heard in Statesboro are being sung. As a soloist, Mr. Stapleton is very fine. His solos are earnestly listened to, and it is hoped that he will never allow a service to pass without rendering one of his beautiful Gospel solos. Mr. Stapleton also has an enviable reputation as a children's evangelist. On Saturday night he will give his famous "Candle Sermon," and no one should fail to see and hear this message. With candles representing the various types of church members, he holds his listeners expectant from beginning to end.

Mr. Chas. D. Kidder, the pianist of the party, is "some pianist." The way he plays the gospel songs is an entirely new departure from that usually heard. Many favorable comments have been heard relative to Mr. Kidder's work, and he is indeed a valuable asset to the party. Mr. Kidder is also a very great favorite with the schools wherever he visits, and his musical readings, most of which are humorous, make him a welcome visitor on all occasions. Wednesday morning he and Mr. Stapleton visited the public school, and Mr. Stapleton's acts of leadership with Mr. Kidder's readings met with an extremely favorable reception by the pupils.

Sunday afternoon at 3:00 o'clock Mr. Moore will preach to men. This sermon is an entirely new departure from the usual sermon to men, and every man in the community should hear this message. The subject will be "backbone." The meeting will continue for ten days longer, with services twice daily, at 10:00 a. m. and 7:00 p. m. Everybody is cordially invited and it is hoped that all the Christian people of Statesboro will join in with this movement and do their level best to make this revival a great victory for God.

## RUN-DOWN WOMAN

Made Strong By Our Vinol

Fort Edward, N. Y.—"I was in a run-down, nervous and weak condition, so I could not do the housework for my little family of three. I had taken cod liver oil emulsions and other remedies with out benefit. A friend told me about Vinol. I tried it and it soon built up my strength and made me a well woman so I now do all of my housework."—Mrs. Emma Grammer.

We guarantee Vinol to restore strength and build up run-down, weak and debilitated conditions.

## Stapleton's MESSAGE IN Song and Story

We were in a great revival campaign in Dublin, Ga., last spring. I had sung this song at one of the services and it appeared in the afternoon paper the next day. As I walked up the street a young man about thirty-six years of age approached me with the paper in his hand, and, pointing to the song, said: "This is my trouble. I have crowded out Christ," and that he had turned a deaf ear to him when he called, and now that he had stopped a bit and considered his life

he had decided to give more time to God and his cause.

Our aim in this life is to prepare for the next, and it will pay you men to cease for a short season your struggle for earthly gain and give some thought to God and your future welfare. It pays in this life to serve God.

Play and sing this song or have it done for you. Take a moment now and "Think upon your ways."

—O. W. STAPLETON.

282 Christ is Crowded Out.

### Superintendent's Corner.

The following schools closed on last Friday: Central, taught by Misses Carter and Smith; Ingleside, taught by Prof. W. T. Womack and Miss Clyde Aaron; Knight, taught by Mr. J. A. Hodges; Arcola, taught by Miss Minnie Lee Bonner; Mitchell, taught by Mrs. M. J. Clanton and Mrs. C. E. Nesmith; Aaron, taught by Prof. C. A. Warnock and Misses Nelson and Warnock. Pretty soon all the schools will come to a close as most of them began last fall and are operating only five months this term.

Miss Ouida Futrell will give a box supper at the Green Grove school house on the night of the 30th inst. The public is invited to attend and help to make a success of this entertainment.

Considering the high cost of all food products, it seems to me it would be a wise idea for several communities to not have the usual big dinners that we are accustomed to preparing for closing days. Just a suggestion, that's all. It looks like war and higher prices for all food products.

There will be a box supper and entertainment at the Clito high school on the 30th of this month. An interesting program will be rendered. Everybody invited to attend and help to make this occasion a success. Teachers should remember that they can buy books cheaper from publishers than they can from the book peddlers that so often call with some glowing proposition for which quite a number of young and inexperienced teachers fall. You can save a great deal by buying direct than you can by buying from the agent. No agent has had the sanction of the board of education during this term to submit any proposition to the teachers of this county.

The citizens of the Leeland school district are planning to build an up-to-date school house this summer. It they can vote a local tax for such purpose they will be able to build the kind of school they will need. A move in the right direction, gentlemen. Push this movement along.

What has become of the Neville high school proposition? If you mean business, get busy and do something. Why not now? If you have fifteen hundred dollars subscribed you will find that you will be able to get the balance all right in due time. It takes push and pull all together to do things. Suppose you try your strength. It will pay you in many ways.

About the time your school closes, will be a good time to elect trustees for those places that are expiring June 30th. Do not forget to attend to this matter and be sure to report your selection to the superintendent that commissions may be issued as required by law. Unless you elect, the ones now in office hold until some one is elected and commissioned.

### 10,000 MEN TO EACH MILE OF TRENCHES

Should Not Send Troops Under Present Conditions.

Washington, March 23.—Frederick Palmer, war correspondent, who was the only accredited representative of the American press on the western front for more than two years, delivered a confidential talk to the army war college.

While much of his talk is not permitted to be published, he declared that the United States should not attempt to send troops to France until it has raised an army of proper proportions.

He said ten thousand men would no more than hold a mile of trenches.

### PERISH BY THOUSANDS FOR WANT OF FOOD

(By Mary Coroline Holmes.)

New York, March 15.—"Is it nothing to you, all ye that pass by, that we in far off Syria are starving? Are you cold these winter days? Have you warm clothing, warm houses, heated cars to ride in. Are you hungry? Were you ever hungry because you had only a small piece of black bread once every few days—if some one remembered to give it to you? Have you children? Did you ever watch their little lives go out in unspeakable torture and agony from starvation, cholera and cruelty?"

This is what those starving thousands would say to us if they had the opportunity. Their very silence and impotence do say it, and more, for it is extremely difficult to get news from Syria. But from time to time news filters through from Egypt, Russia and the neighboring island of Arvad, which is now a French possession, that reveal the worst conditions. It is authoritatively stated that from 100,000 to 250,000 have

### ROADS SEEK RAISE IN RATES OF FREIGHT

Washington, March 23.—Several of the country's largest railroads have filed a petition with the Interstate Commerce Commission asking that they be permitted to increase their freight rates, except on coal and ore and that the new tariff be permitted to become effective in thirty days instead of being suspended for investigation.

Only the eastern roads have signed the petition, but similar action will be taken tomorrow by a score of western lines. The petition said the railroads must be in position to respond to the fullest demands of the country in connection with national defense.

The southern roads are also expected to take similar action.

## Everyone Should Drink Glass of Water to Clear Kidneys

If Your Back Hurts or Bladder Bother You Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with cold water and kidneys which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 50 grains of acid and waste so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from your druggist about one dozen of these kidney tablets, take one tablet before each meal and at bedtime with a glass of water for a few days and your kidneys will act fine. This famous remedy is made from perfectly harmless ingredients and acts quickly, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Kidneys are expensive, cannot injure, make no mistake, insist on kidneys which everyone should take now and then to keep their kidneys clean and active. Try this, also, to clean the water drinking and no doubt you will wonder what became of your kidney trouble and backache.

## PRICE APPOINTMENTS WILL HOLD JOBS

Can Be Removed Only For Some Cause.

Atlanta, March 23.—Attorney General Clifford Walker has finally rendered an opinion requested of him some time ago by Commissioner of Agriculture J. J. Brown, on the question of whether or not the new commissioner has the right in law, to remove appointees to the offices of oil and fertilizer inspectors, placed by former Commissioner J. De Price. The opinion holds, in effect, that it cannot be done, except for cause.

## TONOLINE IS BEAUTY AID, ANNOUCEE SPECIALIST

Mildred Louise, Talk of Interest to Women

As health is a first aid to beauty this story, told by Mildred Louise, beauty specialist, of Boston, Mass., is of unusual interest. "I can recommend no better health giver than tonoline," said Mildred Louise.

"I was for many months a victim of stomach trouble and nervousness. I suffered terribly from pains that followed eating. Headaches also would add to my worries. Poor digestion finally brought on nervousness."

"Relief came, however, when I took the advice of several women who said 'Take tonoline.'"

"Not long after I started the tonoline treatment, my patrons began to remind me of the improvement in my condition. And because health is the quickest way to beauty, the improvement was particularly noticeable in my face."

"What tonoline really did for me I cannot say. I am so grateful that I am very willing to recommend tonoline publicly."

Tonoline is a purely vegetable preparation which goes to the seat of common maladies—stomach and kidney trouble, catarrhal affections of the mucous membranes, liver ailments and impurities of the blood—and quickly restores proper action. Tonicity is being explained daily to many people at W. H. Ellis Co.'s.

Notice—As tonoline is a wonderful flesh builder it should not be taken by any one not wishing to increase his weight ten pounds or more. Although many reports are received from those who have been benefited by tonoline in severe cases of stomach and nervous dyspepsia, chronic constipation, etc.

ABUSED THE POLICEMAN BECAUSE HE WAS GERMAN

Savannah, March 27.—Because a cop of German parentage said "Good Morning" to Capt. Thomas H. Laird, harbor-master of Savannah, who nearly lost his son when the Memphis was torpedoed, the latter was hailed into the recorder's court for abusing an officer of the law. Laird was cautioned not to let his sentiments against the Kaiser affect his attitude towards officers of the law. The case was dismissed.

SAYS A GLASS OF HOT WATER EVERY MORNING BEFORE BREAKFAST WILL TAKE OFF FAT IF YOU GET MORE FRESH AIR.

Be Moderate in Your Diet and Reduce Your Weight with Tasso.

Lack of fresh air weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs is hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once and don't wait until your health has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply and get from your druggist a box of Tasso, take a glass of hot water every morning before breakfast then take Tasso after each meal and at bedtime.

Weigh yourself every few days and keep the treatment until you are down to normal. Tasso is absolutely harmless, is pleasant to take, helps the digestion and is designed to increase the oxygen-carrying power of the blood.

Even a few days treatment should show a noticeable reduction in weight. There is nothing better for obesity.

## Wants Others to Know Remedy That Helped Him

Can't Understand How He Was Cured So Quickly After Suffering Nineteen Years.

For nineteen years, Mr. Chas. Froelich, R. F. D. No. 2, Gorman, Kansas, suffered from stomach and kidney trouble. He tried all the doctors for miles around but got no relief, and had about given up, when Mrs. Froelich read in the Kansas City Post about Fruitola and Traxo and what it had done for men with stomach trouble. He says, "She sent for Fruitola and Traxo and from the first I felt better. I only took two bottles, and am well now and can eat and work like a young man. Fruitola and Traxo did it and I'll do it all I can to get others to try it."

Fruitola and Traxo are compounded from the original Edeall formulas of the Pinus Laboratories in Monticello, Ill., and can be purchased in Statesboro from the W. H. Ellis Co.; a doctor's prescription is not necessary.

Fruitola is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering. It brings the accumulated waste to the surface's interior and Traxo is a tonic-active that is most effective to rebuild and restore the weakened, rundown system.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.
